March 11, 2015

Phil,

I would like to take this opportunity to thank you and your staff for bringing the Kappler Road Show to Billerica last month.

On behalf of the entire Hazardous Materials Response Team I can honestly say that was the best training we have received on PPE.

Your ability to keep the members engaged and your knowledge of the standards and regulations that we operate under made me comfortable knowing we made the right decision purchasing Kappler Protective Suits.

Sincerely,

Joe Bradley
