

## Zytron 300 Style Z3H499-92

### Certified Rear Entry Style with Horizontal Zipper For Broad Chemical Protection.

- NFPA1990 (1992) certified chem-bio protection for demanding Level B response with potential for chemical splash.
- Fabric and seams pass the ASTM F1671 blood and viral penetration test.
- Tough physical strength and broad chemical holdout provide robust protection.
- Rear entry with storm flap enhances protection in front-splash scenarios.
- Attached barrier gloves with overgloves provide excellent chemical holdout plus cut and puncture protection.
- Zytron 300 fabric does not contain PFAS chemistry. Read more at [kappler.com/pfas](https://www.kappler.com/pfas).
- Typical Applications: Hazmat response, military operations, law enforcement drug response and a wide range of chemical handling scenarios.
